CAMRA Scottish Pub of The Year 2008/2009

The Marine Hotel's traditional bar specialises in real Scottish and English ales and always has six hand pulls ready to serve CAMRA standard beer. We do not skimp on our international beers having some 100 bottle conditioned ales from around the world.

On tap we always have Deuchers IPA, Timothy Taylor Landlord and our own house ale 'Dunnottar' brewed for us by Inveralmond Brewery in Perth. In addition we have three guest ales featuring mainly Scottish micro breweries from the length and breadth of the country.

Check out Our Beer menu.

The bar has a welcoming atmosphere where folk of all walks of life gather to share in the pleasures of life. The adjacent lounge with seating for over 30 offers a more relaxed family atmosphere with open fire where meals are served daily.
